Message from the President

Dipsol has built its strong reputation throughout its 60 years of service by providing quality products that consistently exceed the needs of its customers that outperform competitive processes.

We are extremely proud of this history, and we looking forward to continuing to lead the way in new and exciting developments in the surface finishing industry.

As the World leader of the Zinc and Zinc Alloy Technology, our commitment to our customers has resulted in the development of innovative products and many new technologies. Our finishing processes are cost effective and highly efficient.

We are always willing to partner with customers in the development of new solutions, products, and innovations to allow their operations run more reliably, consistently, and more cost effectively.

At Dipsol all levels of our organization are committed to helping find solutions to your plating and finishing challenges. We would be pleased to discuss how we can help you.

Please contact us; we look forward to working with you!

Tarek Nahlawi, Ph.D.

President

Dipsol of America
