Very Energetic Show From Start to Finish

Bob Baer of **Abbott-Interfast Corporation (AIC)**, Wheeling, IL, USA, reported, "Of course I may be biased, but I thought the show was very energetic, from start to finish. Many shows start out with a bang, but then fizzle out, and this was not the case at the show. I worked the **FIC** booth handing out beer and information, having lots of fun, from 3:00 to 4:00 PM, and there were still lots of folks coming through the aisles."
